Soar the Great Heights through... **Academy of Aviation**

<input type="checkbox"/> Aeronautical Engineering (AMAeSI)	60 seats
<input type="checkbox"/> Electronics & Telecom. Engineering (AMIETE)	60 seats
<input type="checkbox"/> Computer Science & Engineering (AMIETE)	60 seats
<input type="checkbox"/> Information Technology (AMIETE)	60 seats
<input type="checkbox"/> Mechanical Engineering (AMIME)	60 seats
<input type="checkbox"/> Civil Engineering (AMICE)	30 seats
Eligibility : 5/6 years Course - 10th Std., 4 years Course - 12th Std., with Maths 3 years Course - Diploma or B.Sc., (Maths)	

Degree/ Diploma Awarded by :

- The Aeronautical Society of India, (AeSI)**
- The Institution of Electronics & Telecom. Engineers, (IETE)**
- The Institution of Mech. Engineers (India)(IME(I))**
- The Institution of Civil Engineers (India), (IEC(I))**

Academy of Aviation (AA) offers the Professional Training / Coaching to the students for the associates membership examination conducted by AeSI, IETE, IME(I) & ICE(I) approved by AICTE, Govt. of India at par with B.E, B.Tech in the given branches, which are well known for their real worth. These are time tested best courses that are available and the real hard work would provide fruits from these courses.

SALIENT FEATURES

- Qualified and expertise faculty
- Quality training to the students
- Well stocked library
- Industrial visits
- Technical Tours and Updates
- Training and Placements
- Modern Computer and Engineering Labs
- Modern Teaching Aids
- Separate Hostels for Boys and Girls
- Special English and Computer Classes

NO EAMCET
NO DONATION

Qualified and Expertise Faculty

We understand that different students have different dreams and aspirations which is why, we offer the entire gamut of Engineering Programs taught by competent and qualified faculty, hand-picked not just for their abilities to impart education, but also for their passion for teaching.

Their expertise in specific areas of specialization is complemented by guidance on Personality Development and Management success factors for future technocrats.

Quality training to the Students

Every Student who takes admission feels the real touch of quality education being imparted at AAET.

Unlike other institutions, a strategic educational system is followed by all faculty. A better and personal attention is paid towards every student.

Extra classes are conducted to the students who are found to be lagging academically. The performance is reported regularly to the parents. Parent-faculty meets are arranged from time to time so as to evaluate and improve student performance.

Well-stocked Library

An enriched library is an essential requisite of an Engineering or Technical Institution. The library mirror the current advancement occurring in the sphere of Technology & Engineering. We also provide Audio / Video facilities for the better understanding of the subjects. To satiate the need of the students the Institute has established a library which has a vast accumulation of plenty of authenticated books on various branches of Engineering & Technology.

Training and Placement

An active training and placement functions at AAET under the guidance of our Dean (Engineering Studies). The main function of this cell is to arrange for on campus & off campus interviews for the students after giving sufficient training. Mock interviews and aptitude tests are conducted in order to train the students. Apart from this, the cell arranges for industrial visits, in-plant training, seminars, guest lectures, and industry-institute interaction etc. 100% placement assistance will be provided to the students by this cell.

Industrial Visits

Regular Industrial Visits are arranged by AAET to provide exposure to the students to the present day technology.

These programs vitalize the students' visualization of the subject matter. All the students are encouraged to take their technical clarifications at any point of time from the experts in industries, from the Guest faculties and their respective faculties.

Technical Tours / Updates

In order to make the student aware of the spread of the vast Industrial Infrastructure of India, Technical Tours are arranged by the institution.

Other than the Practical programs and Industrial Visits, these technical tours shall make the student more aware of science and its application in industry.

Accommodation/ Hostel

The Institute provides Hostel Accommodation to the students coming from outstation. For female students there is a separate provision for hostel accommodation.

Modern Computer and Engineering Labs

Well-equipped Computer, Electro-nics and Engineering labs are provided to student for taking all practical trainings.

The whole set-up on practical sessions shall be designed as per the requirement. Better Lab assistance is provided in all Labs being provided thereof.

Modern Teaching Aids

The teaching Aids provided to the student are immaculate, which enrich the students' concentration on to their academics. Audio / Visual Aids viz., Over Head Projectors, Audio and all modernized systems are utilized to take up the Theory classes. Audio visual section of the college library consists of good number of CDROM Diskettes, Floppies and Cassettes. These help students to improve their communication skills and prepare for the competitive exams with relevant industries and examinations like TOFEL, GRE etc. The library is provided with a plain paper copier to provide reprography service to user.

The initiative of Aviation Academy is the first of its kind in coastal Andhra Pradesh for the benefit of the students in Coastal belt of Andhra Pradesh.

We aspire for our students to rule the sky and nurture them by giving relevant exposure to the industry along with the curriculum. This helps the students balance and understand the theory and the application of it in real life..

We provide 100% support & job assistance to our students. Though we believe & know that the demand for our students is far more than the supply.

We have an expert faculty panel handpicked from the industry. We ensure that the student faculty ratio is 15:1.

In this technology driven world we believe in interactive classrooms and provide our students with the best & latest infrastructure and that's why all our classrooms are virtual classrooms, equipped with V-SAT technology!!
